Digital & Democratic

16th International Congress of Educating Cities.

October 2022

01

Introduction

In **March 2019**, families concerned about the use of **private digital platforms** in schools such as Google Classroom and the possible use of children's personal data by these corporations, contacted **Xnet**, an **association of activists concerned about digital rights**, and developed a **Plan for the Democratic Digitalisation of Education** whose objective is to **offer an open source alternative to schools** that ensures data privacy and the exercise of children's digital rights in the school environment.

02

Context

Barcelona has a total of 389 public schools.

The **acceleration of digitalisation in education** and the lack of effective digital alternatives provided by the administration has led schools to adopt, on an individual basis, **free private solutions** that **do not guarantee data privacy and the pupils' digital rights**.

This results in a **loss of digital sovereignty of personal data and digital rights**, as well as a breach of GDPR legislation in an essential public service such as education.

Economía y tecnología

España multa a Google con 10 millones por ceder datos sin permiso

PUBLICADO

DIRECTO LA INVASIÓN RUSA DE UCRAÑA, ÚLTIMA HORA

Protección de datos

España multa a Google con 10 millones por ceder datos sin permiso

- La AEPD sancionó al gigante tecnológico estadounidense por dos infracciones "muy graves", entre ellas no respetar el derecho al olvido de los usuarios
- También se obliga a Vodafone España a pagar 3,9 millones de euros por vulnerar la ley al no garantizar la seguridad y confidencialidad de los datos de sus clientes

Logo de Google en la sede central de Mountain View, en California (EEUU). / EUROPA PRESS / CHRISTOPH DERNBACH

Google ha cedido datos de sus usuarios a terceros sin permiso legal y ha obstaculizado su derecho al olvido. Ambas infracciones, consideradas "muy graves", han llevado a la Agencia Española de Protección de Datos (**AEPD**) a imponer una **multa** récord al gigante tecnológico estadounidense de 10 millones de euros.

La sanción más alta que la agencia ha dictado hasta la fecha se debe a que Google vulnera los artículos 6 y 17 del Reglamento de Protección de Datos (**RGPD**), la regulación europea que defiende la **privacidad** de los usuarios en **internet**. El Proyecto Lumen es una iniciativa académica de la Universidad de Harvard que recoge solicitudes de aquellos usuarios que piden a la compañía retirar contenido en línea.

In April 2021, Barcelona City Council, through the Directorate for Democratic Innovation, joins to collaborate with Xnet and families **to design and implement a Pilot Project** based on the creation of an **exportable and auditable open source** prototype that ensures data privacy for school-age children.

Civil society **promoters: Xnet, Family Associations of the schools** that were initially mobilised + the federation of family associations (AFFAC).

Project **partners: Barcelona Education Consortium** and other local authorities such as the **Digital Innovation Commission** and the **Department of Education** of Barcelona City Council.

03

Objectives

- ❑ **Deployment and testing of a comprehensive action** that includes: servers, digital tools and training and ongoing support for teachers and families to facilitate its implementation.
- ❑ **Creation of a suite, a digital pedagogical platform** with a usability equivalent to those used but with auditable and open source software that can be replicated.
- ❑ Offer from the administration an **alternative to proprietary data extraction products on the market**, preserving the autonomy of schools when choosing their digital tools.

04

Project Axes

SECURE SERVERS

- Own servers or commercial servers with sovereignty clauses for users

DIGITAL & DEMOCRATIC

- Comprehensive, replicable and auditable (published code) open source suite of existing tools

TEACHER EDUCATION AND TRAINING

- Plan for accompanying the changeover to digital tools and training teachers in digital skills.

05

Digital & Democratic

Free software tools that are integrated:

SOLUCIONS

DD. Suite Entorn Educatiu 

- ❑ **Single user administrator** for office automation tools, cloud space, videoconferencing, virtual learning environment and email.
- ❑ **Interoperable**, facilitating migration and integration from other platforms.
- ❑ Deposited in a **public repository on Github**, following the principle of Public money, Public code.
- ❑ Replicable and customisable
- ❑ User manuals, legal notices and data protection protocols are included.

Access to classrooms and functionalities:

The screenshot displays the Xnet Moodle interface. The top navigation bar includes the Xnet logo and a search bar. The main content area is a grid of course cards, each with a title, a background image, and an 'accedir' button. The courses shown are:

- Arts plàstiques (Cursos)
- Curs d'exemple (Transversal)
- Curs d'exemple - curs001 (Transversal)
- Documentació DD (Transversal)
- Física (ESO)
- Curs d'exemple (Cursos)

A right-hand navigation menu is open, showing various tools and resources such as Aules, Fitxers, Còrrus, Formularis, Enquestes, Xet, Calendari, Webs, Reunions BDD, Fotos, Web del centre, Wikipèdia, and Diccionari. Below the menu, there is a calendar for Friday, 11 February de 2022, and a task completion notification for 'Venciment de Tasca Matemàtiques'.

Access to the inside of a course or classroom :

The screenshot displays the Xnet web interface for a course titled "Curs d'exemple". The browser address bar shows the URL: https://moodle.dignademo.net/theme/deliver_board.php?id=37. The page features a navigation menu with "Tauler", "Continguts", "Tasques", and "General". The main header area is a yellow banner with the text "Transversal Curs d'exemple" and icons for Xnet, a person, and a calendar. Below the banner, there is a section for "Properes entregues" (Recent assignments) listing several tasks with their dates. The main content area shows a post from "31." with the text "Publica alguna cosa per la classe ...". Below this, there is a post from "Xnet Docent" dated Thursday, 3 February 2022, 14:59, with the text "Bon dia! Aquest espai serveix per posar avisos i informacions a l'alumnat. Tots els membres del curs poden respondre i posar comentaris. Salutacions! Docents DD". At the bottom, there is a post from "31." with the text "Responi amb un comentari ...". The page also includes a sidebar with a list of assignments and a bottom section with a post from "31." titled "Exemple de tasca transversal: treball de final de trimestre" dated Thursday, 3 February 2022, 14:54.

07

Participants' assessment

- ❑ The suite built is **attractive, agile and integrates all the necessary functionalities in online training**, both distance and hybrid face-to-face/online.
- ❑ As it is built with open source software, it is **easily replicable** to other environments and territories.
- ❑ Schools and training centres value very positively the **accompaniment and training** that is **tailor-made for each centre**.
- ❑ The students' **families** value very positively the **security of the project** in terms of the privacy of the children's personal data.

08

Project strengths

- ❑ **Open source platform:** minimises software costs and promotes citizen access to ICTs. It is easy to replicate.
- ❑ **Support and training for teachers:** in the use of the platform and in the understanding of digital rights.
- ❑ **The alliance between the City Council and the social sector:** allows rapid communication and extension of the project among the educational community.
- ❑ **The local administration's capacity for innovation and implementation:** Barcelona City Council has the flexibility to respond quickly and efficiently to new challenges.

09

Challenges

- ❑ To publicise the project at **national and international** level.
- ❑ Promote the **extension of the project** to the entire education system of the city and Catalonia.
- ❑ To achieve the **involvement** of the supra-municipal administrations and sufficient **funding** to extend the project and implement it in all the centres that request it.
- ❑ Develop **new functionalities** and test the platform in environments such as **music or language education**.
- ❑ Test the platform in other **areas of non-formal education** such as civic centres and libraries.

Taller
CONVIVIR CON LAS PANTALLAS

Educando en Familia

Dirigido a:
Madres, padres y personas que convivan con menores.

Ponentes: Marta Domaica Sáenz de Urturi y Diana Vega Sánchez de la Concejalía de Educación. David y Paco, Agentes Tutores de Policía Local.

Inscripción: a través del correo electrónico convivenciaescolar@ayto-pinto.es o en la Concejalía de Educación C/ Italia nº6, Pinto. Tfno. 912483807

TALLER DE COLABORACIÓN ENTRE FAMILIA Y ESCUELA

LOS LUNES
26 DE FEBRERO, 5 Y 12 DE MARZO. DE 09.15 A 10.45H

OBJETIVO:
MEJORAR LA CONVIVENCIA EN EL ÁMBITO FAMILIAR Y ESCOLAR

DESTINATARIOS:
PADRES, MADRES Y TUTORES LEGALES DEL CEIP EUROPA

Inscripciones: a través de la AMPA del cole. Más información en Concejalía de Educación, C/ Italia nº6, Pinto. Por mail en convivenciaescolar@ayto-pinto.es

Para realizar el taller deberá haber un grupo mínimo de 10 participantes y máximo de 20.

L'édulab Pasteur

Un lieu éducatif dédié au numérique et à ses usages

Ceci est la version du 8 septembre 2022

La version présentée à Andong pourra sera actualisée avec les dernières actualités.

Historique

Un lieu de savoirs depuis 120 ans

- > en centre-ville
- > occupé de 1896 à 2012 par les étudiants en sciences puis en dentaire.
- > 2012 : lieu d'expérimentation où l'aménagement sera co-construit avec les habitants, les associations, les architectes...

Edulab
(350 m²)

- Au fil des échanges, des occupations éphémères et des expériences participatives, le projet se précise autour de l'installation de 3 entités :
- > une école maternelle publique
 - > un « Hôtel à projets »
 - > un tiers-lieu dédié au numérique : l'édulab Pasteur

Pourquoi l'édulab Pasteur ?

Le diagnostic du territoire a montré qu'il existait une grande diversité d'actions numériques éducatives dans la Ville, mais que celles-ci étaient :

- rarement coordonnées,
- insuffisamment inclusives.

De plus, elles promouvaient parfois le numérique comme une fin en soi (au lieu qu'il soit considéré comme un outil « au service de »).

Principes fondateurs

Le projet repose sur 4 piliers :

- > le numérique est « au service de », et non une fin en soi
- > partir de besoins identifiés par les usagers
- > pas d'enseignement théorique, mais des apprentissages "par le faire", l'expérience
- > apprendre entre pairs, créer des communs.

La mise en place

09/2018-06/2019 : **chantier** pendant lequel des groupes « d'explorateurs » volontaires (enfants avec leurs accompagnants, enseignants, parents, animateurs...) ont identifié les besoins (aménagement des espaces, signalétique, mobiliers, éclairages...) et réfléchi, sur place, en situation, aux usages à développer

09/2019-06/2020 : **expérimentation** avec des groupes d'utilisateurs volontaires testant les projets et les équipements in situ

04/2021 : **ouverture au public**
(retardée par la crise sanitaire)

Fonctionnement

Le lieu est accessible gratuitement à toutes et tous.

Élèves et enseignants

Habitants

Animateurs et enfants

Partenaires (associations...)

Fonctionnement

Laissons la parole à Gwenn, Maëlle et Yvan qui gèrent et animent l'édulab Pasteur.

L'originalité est que les actions partent des idées et besoins des usagers (enfants, éducateurs, visiteurs...) : il n'y a pas d'activité préconçue mais un accueil, des échanges, un accompagnement et des ressources (matériel et partenaires)

Gwenn Pacotte,
coordinatrice

Par exemple, vous voulez découvrir un équipement*, créer un film d'animation ou un jeu vidéo avec des enfants ?
On en échange pour vous aider à construire le projet et préparer les séances pédagogiques.

* robotique, sérigraphie numérique, montage vidéo, podcast audio...

Fonctionnement

Quand vous arriverez avec le groupe d'enfants, l'espace et les équipements seront prêts.

Nous serons à votre disposition pour vous soutenir et résoudre les difficultés mais c'est vous qui pilotez.

Souvent, adultes et enfants vont apprendre ensemble.

Yvan Jehannin,
facilitateur
numérique

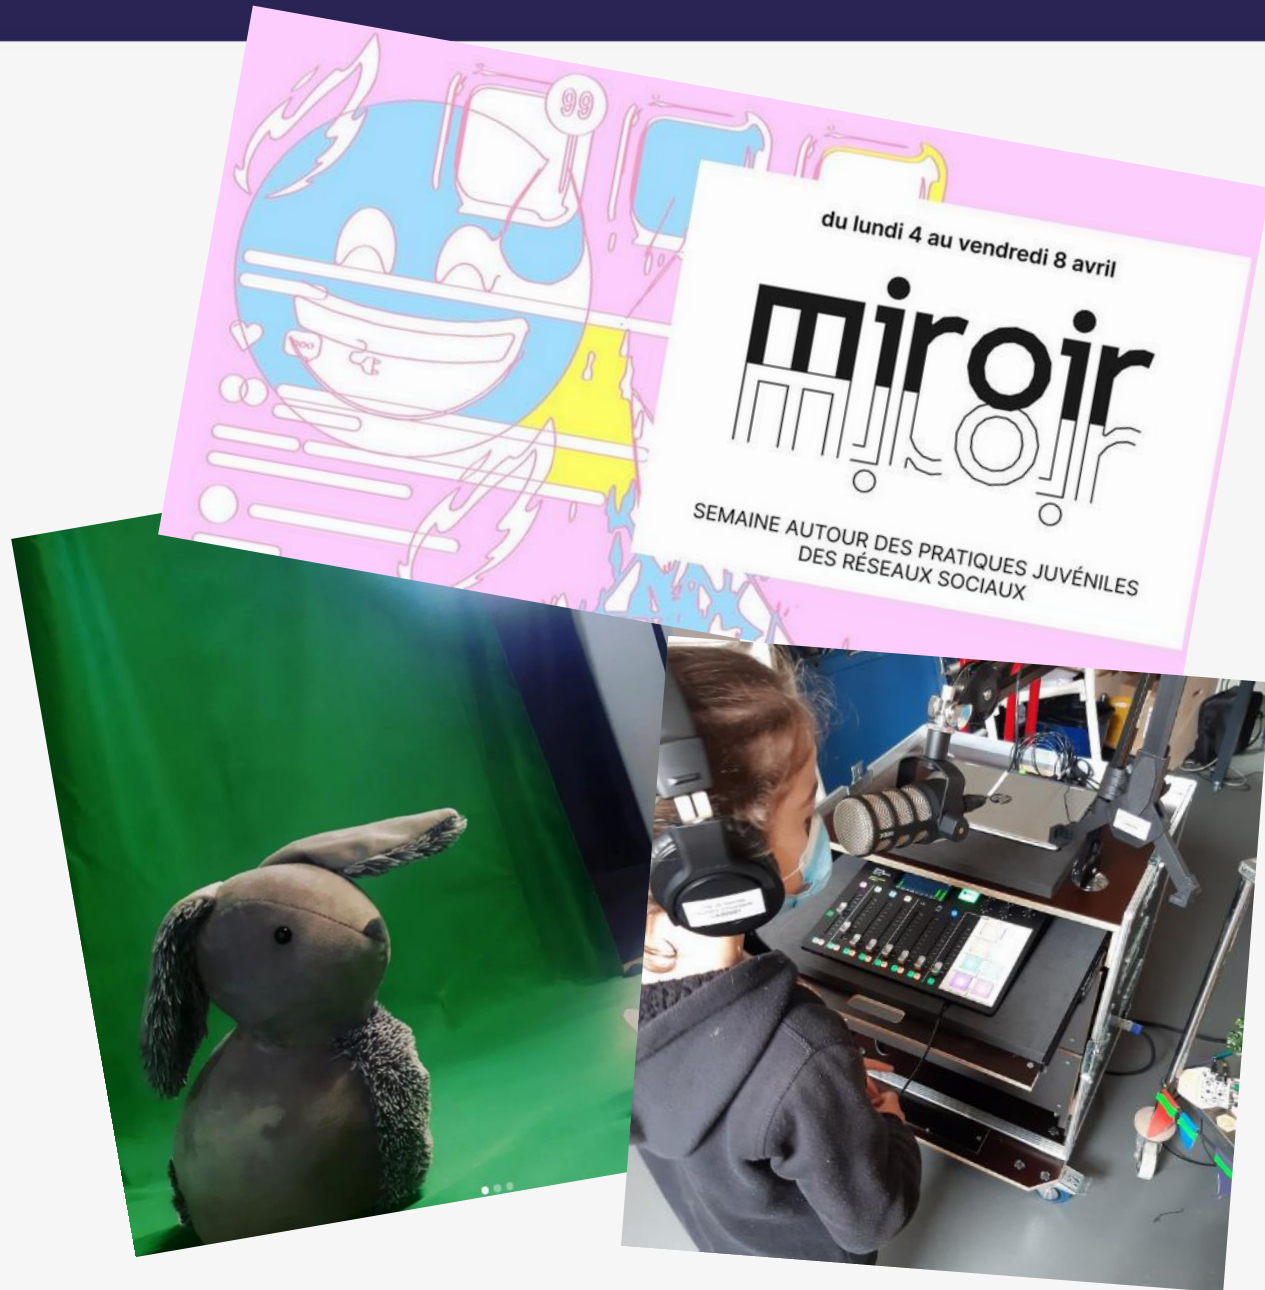

Expériences

Les thématiques abordées sont nombreuses :

- éducation aux médias
- robotique
- sciences
- arts
- égalité filles/garçons
- écologie
- sciences de l'éducation

Exemples d'équipements techniques mobilisables

Robotique

Captation vidéo

Risographie

Dessin assisté
par ordinateur

Broderie numérique

Logiciels

Captation sonore

Stop-motion

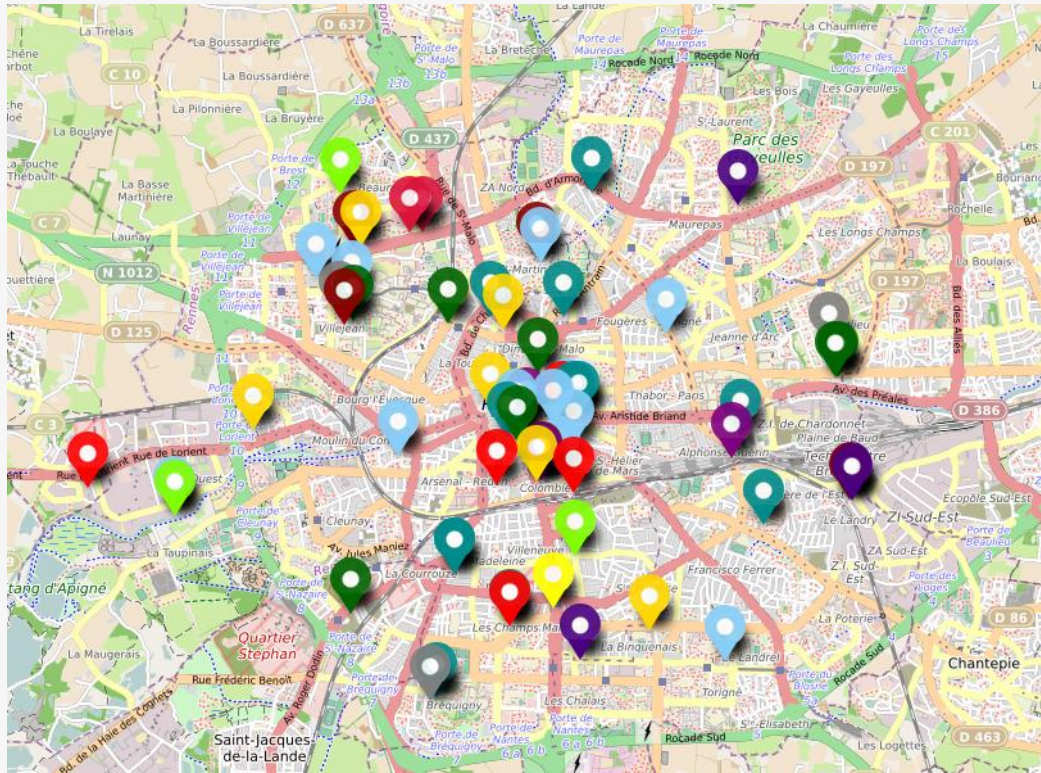

Vidéo-mapping

Un lieu collectif et écoresponsable

L'édulab Pasteur, c'est aussi :

- Plus de 60 partenaires dans le champ éducatif, numérique...

- Une charte et une gouvernance partagées pour gérer et faire évoluer le lieu en continu

- Un lien de proximité avec un lieu éducatif (école) et un lieu d'expérimentation tous azimuts (hôtel à projets), avec la volonté de s'enrichir mutuellement

Un lieu collectif et écoresponsable

L'édulab Pasteur, c'est encore :

- Des aménagements et équipements écoresponsables
- Des événements (expositions, performances, conférences, présentations d'expériences...)
- Des matériels prêtés hors les murs (exemple : chariot à Podcasts)

INTERGENERATIONALITY FOR INCLUSION AND SOCIAL INNOVATION

Social inclusion and innovation policies

Promoting intergenerational dialogue.

Digital Literacy

Citizenship Education

Objectives:

-  To bring the new generations closer to the new paradigms of development and life in society;
-  Foster young people's capacity for social and civic participation;
-  Promote proximity and cooperation between generations;
-  Combat age prejudice;
-  Increase the population's digital literacy;
-  Enabling access to more and better learning and personal development opportunities;
-  Invest in the development of social, creative and digital skills.

New forms of exclusion

affect the most vulnerable groups

This project is based on **STEAM METHODOLOGY** that works several skills through practical activities, contributing to reduce school failure and school dropout.

It was created within the scope of the Innovative and Integrated Plan to Combat School Failure.

GOALS

- Motivate and develop innovative and creative actions;
- Develop skills about **“how to think, how to do”**, attitudes and values;
- Build a learning environment filled with technology, enabling team work and sharing through the development of experimental and problem solving activities;
- Develop interest for ecology and sustainability.

METHODOLOGY

- STEAM METHODOLOGY (Programming, Robotics, 2D/3D Modelling)

ACTIONS

- **Provide equipment** (robotics kits, pedagogical support materials, manuals including tutorials and activities for multiple robots);
- **Teacher Training;**
- **School actions** (robotics programming, 3D printing and pedagogical workshops)

TARGET AUDIENCE

- Students of all Education Levels;
- Teachers and Educative Community;
- General Community;

APRENDER FAZENDO IN NUMBERS

ACTIONS

593 sessions distributed by 14 different types of actions

INVOLVED SCHOOLS

110

INVOLVED TEACHERS

218

PARTICIPANTS

4340 directly

16000 indirectly

Classroom activities using pre-programmed robots and a 3D printer to create daily objects and recreational equipments.

Pedagogical innovative activities applied to daily situations using robotics and programming, including multiple curricular contents.

Using STEAM METHODOLOGY (Science, Technology, Engineering, Arts and Mathematics) to build multiple types of robots, circuits and small devices, as well as using 3D modelling and design.

- Actions development that promote the usage of STEAM kits and scale models in various subjects, building robots and circuits that use different programming languages;
- 3D Modelling and Printing;
- Applying the acquired skills from the Workshops included in the practical component of the professional courses;
- Apply the skills acquired in the Workshops in the practical component of professional courses;

ACTION EXAMPLES

- Creating protective face shields;
- Robot assembly and programming;
- Developing a system for hand sanitizing gel dispenser.

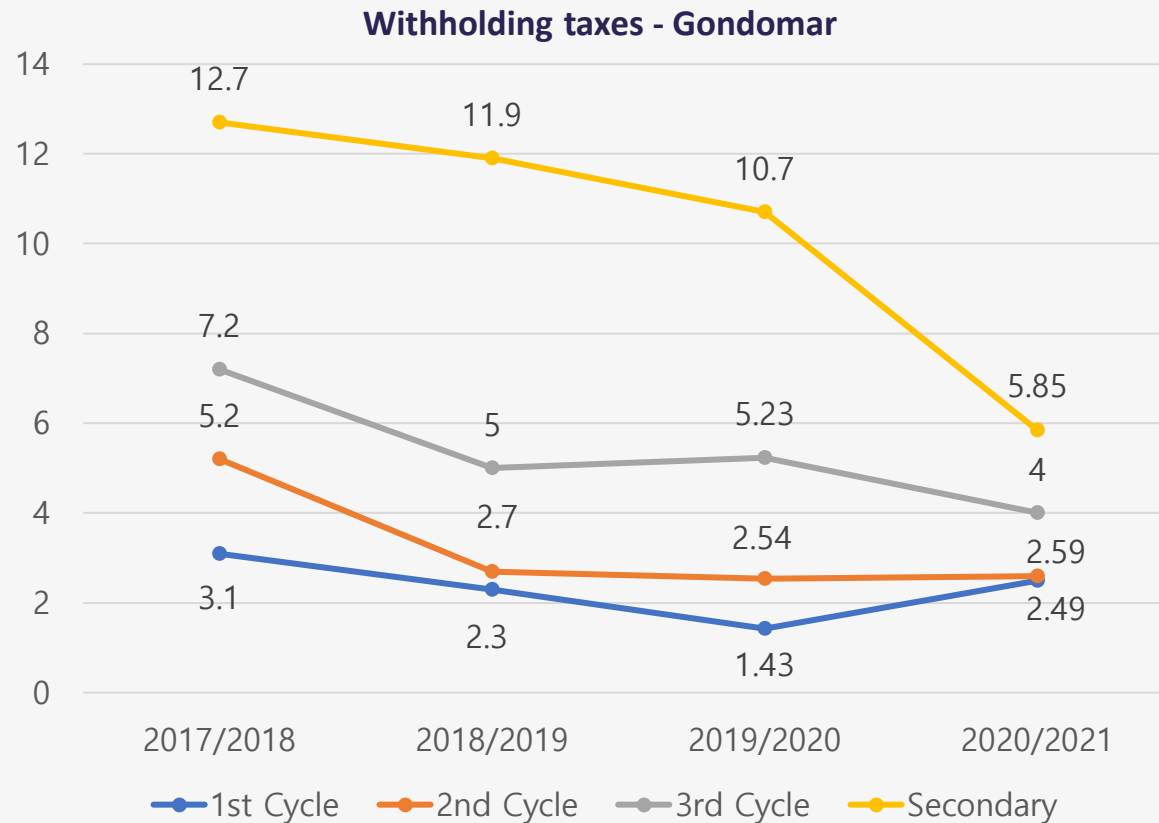

SATISFACTION LEVEL ACHIEVED (SURVEY)

- Students: 87%
- Teachers: 81%

WITHHOLDING TAX IN THE COUNCIL

STUDENTS PERCEPTION*

- 83% considered that the project promoted school success;
- 86% stated that the project was beneficial to solidify the knowledges acquired;
- 72% considered that the project helped increase the motivation towards the program contents.

TEACHERS PERCEPTION**

- 74% considered that the project as improved the learning process;
- 43% said that they would include the STEAM methodology in classroom context;
- 79% considered that the students demonstrated higher levels of motivation towards knowledges;

* Applied 273 surveys

**Applied 41 surveys

- **Establish clubs in all Basic 2.nd/3.rd Cycle and Secondary Schools;**
- **Develop continuous intervention in all 4.th grade classes from the Basic 1.st Cycle;**
- **Develop of an annual council event.**

“The final internship project was the development of a robot, so we were given multiple proposals with the purpose of training the programming of various materials to use. Basically we made several types of exercises that facilitated the programming of the robot and the learning process of how they work.”

(Professional Education Student)

“I enjoyed very much the project because I felt like it was interesting to work the robotics part. I always tried to do my best! I want to thank my teacher because he was always available to help.”

(Diogo Freitas)

- 도시 전체가 노천 박물관(Gyeongju is truly a museum without a roof)
- **동양의 그리스(Greece, 🇬🇷),** 코로나19 극복 이후, 세계 최고 여행지 선정
※ 2020년 내셔널 지오그래픽(National Geographic)

경주시 일반현황

인구

- 전체 인구 : 251,889명(여성 인구 비율 49.9%)
- 고령 인구(65세 이상) : 59,645명(시 전체 인구 대비 23.7%)
- 장애인 인구 : 16,648명(시 전체 인구 대비 6.6%, 전국 5.1%)

행정구역

- 면적 : 1,324.86km²(서울특별시 면적의 2.2배)
- 행정구역 : 3읍 8면 12동
- 평생학습 전담조직 : 평생학습가족관, 3개팀 11명으로 구성

예산

- 지자체 총예산 : 1조4895억원
- 재정자립도 : 19.2%
- 평생교육 예산 : 25.1억원

문화재

- 문화재 지정 : 총 354점(국가 지정 240점, 도 지정 114점)
- 유네스코 세계문화유산 등재 : 4개
석굴암 · 불국사, 경주역사유적지구, 양동마을, 옥산서원

경주시 평생학습 주요 연혁

2021

- 경주시 평생학습가족관 운영 조례 전부 개정
- 국제교육도시연합(IAEC) 가입

2020

- 평생학습포털 경주 홈페이지 정식 개통
- 경주시 평생학습 중장기 발전계획 수립(2021~2025)

2018

- 경주시 평생학습가족관 신축 건립 및 개관
- 해오름동맹(경주/포항/울산) 평생교육 상생포럼 개최

2016

- 제4회 경상북도 평생학습박람회 개최
- 경상북도 평생교육 추진시책 평가 '대상' 수상

2013

- 교육부, 신규 평생학습도시 선정
- 행복학습센터 지정 및 평생교육사 배치

2008

- 경주시 평생교육진흥 조례 제정 및 평생교육협의회 구성
- 경주시 평생학습 중장기 발전계획 수립(2009~2013)

비전

평생학습수도, 르네상스 경주

목표

전통과
첨단의
조화

공간과
학습의
연계

사람과
지역의
발전

주요 전략 과제

평생학습가족관
역할 및 기능 다변화

- 평생교육 협력 네트워크 구축
- 포스트 코로나 시대 '디지털 학습 생태계 조성'

전통과 첨단의 조화
서라벌 네트워크

- 역사와 문화, 환경기반 학습프로그램 개발
- 첨단 과학 시설 연계 교육프로그램 개발

지역 균형
학습인프라 조성

- 풀뿌리 지역거점 학습망 강화
- 배리어프리 학습지원망 구축
- 적시적소 시민학습 지원사업

시민 주도
학습문화 창출

- 너랑 나랑 학습이랑
- 학습 포석정

지역 균형
학습인프라 조성...???

추진배경

- 소외계층 지속적인 평생학습 참여 확대 및 접근성 제고
- 국가 및 지역차원의 장애인 평생학습 지원 관심 증가
- 코로나 대유행... 비대면 문화 확산 및 디지털 가속화 소외계층 디지털 격차 해소 및 실생활 활용능력 제고

추진목표

- 지역 유관기관 및 단체 간 연계·협력 네트워크 구축
- 스마트도시 디지털 및 온라인 학습 지원시스템 구축
- 장애인 및 디지털 평생학습 활동가(강사, 매니저 등) 양성

[소외계층]

- 국/도비, 자체 예산 확보
- 스마트도시 인프라 지원
- 관련 인력 양성 및 활용
- 평생학습 접근성 강화

소외계층 학습 인프라 구축 및 지원 강화를 통한 “학습소외가 없는 포용적 학습도시 조성”

비문해자 및 저학력자를 위한 성인문해교육 지원

- 2007년부터 **성인문해학교** 지속적 지원 확대(3개소)
한림야간중고등학교, 경주행복학교, 늘사랑문해학교
- 2017년부터 **찾아가는 문해교육** 지원 실시(2~3개소)
- 2021년부터 **디지털 문해교육 프로그램** 실시(2개소)

찾아가는 문해교육 지원

초고령사회 대비 및 행복한 삶을 위한 고령층 평생학습 지원

- 2009년 **전국 최초 마을단위 민간평생교육협의체 발족**
(경주시마을평생교육지도자협의회)
- 2010년부터 **찾아가는 경로당 행복교실** 지원(90개소)
- **경로당 50개소 공공와이파이 및 화상회의시스템** 구축

경로당 행복교실 지원

장애친화형 배리어프리(Barrier-free) 장애인 평생학습 지원

- 2018년부터 장애인복지관 협업 평생학습강좌 지원
- 2019년 **경북 최초 장애인복지관 내 평생교육센터** 설치
- 2021년부터 **찾아가는 상상버스 스마트체험관 이동형 버스 도입 및 활용**(디지털 보조기기 체험 및 교육 실시)

맞춤형 장애인 평생학습강좌 지원

시민 누구나 학습에서 소외되지 않는 포용적 학습도시...
역사와 미래, 전통과 첨단이 조화된 지속발전가능도시...

글로벌 스마트 학습도시로 **경주시**가 도약합니다.

Thank you~!!!

감사합니다

Chapter 02

DongNe Munhwa Café

Lifelong Learning Café in Town

Revitalizing Community by Lifelong Learning Outreach Project

Economic Crisis in Gunsan

July 2017, Hyundai Heavy Industry Gunsan Shipyard **operation suspended**
64 collaborating firms closed

May 2018, GM Korea Gunsan Plant **closed**
30% of collaborating firms went bankrupted.

- In 2017, Hyundai Heavy Industry suspended the operation of its Gunsan shipyard.
- In 2018, GM Korea closed its Gunsan plant.
- Population decrease and depression in regional economy accelerated.
- Gunsan was designated special area to respond to industrial and employment crisis, deepening gloomy living conditions for citizens.

Creating Jobs, Invigorating Communities!

Revitalizing Community by Lifelong Learning Outreach
Project of Gunsan City

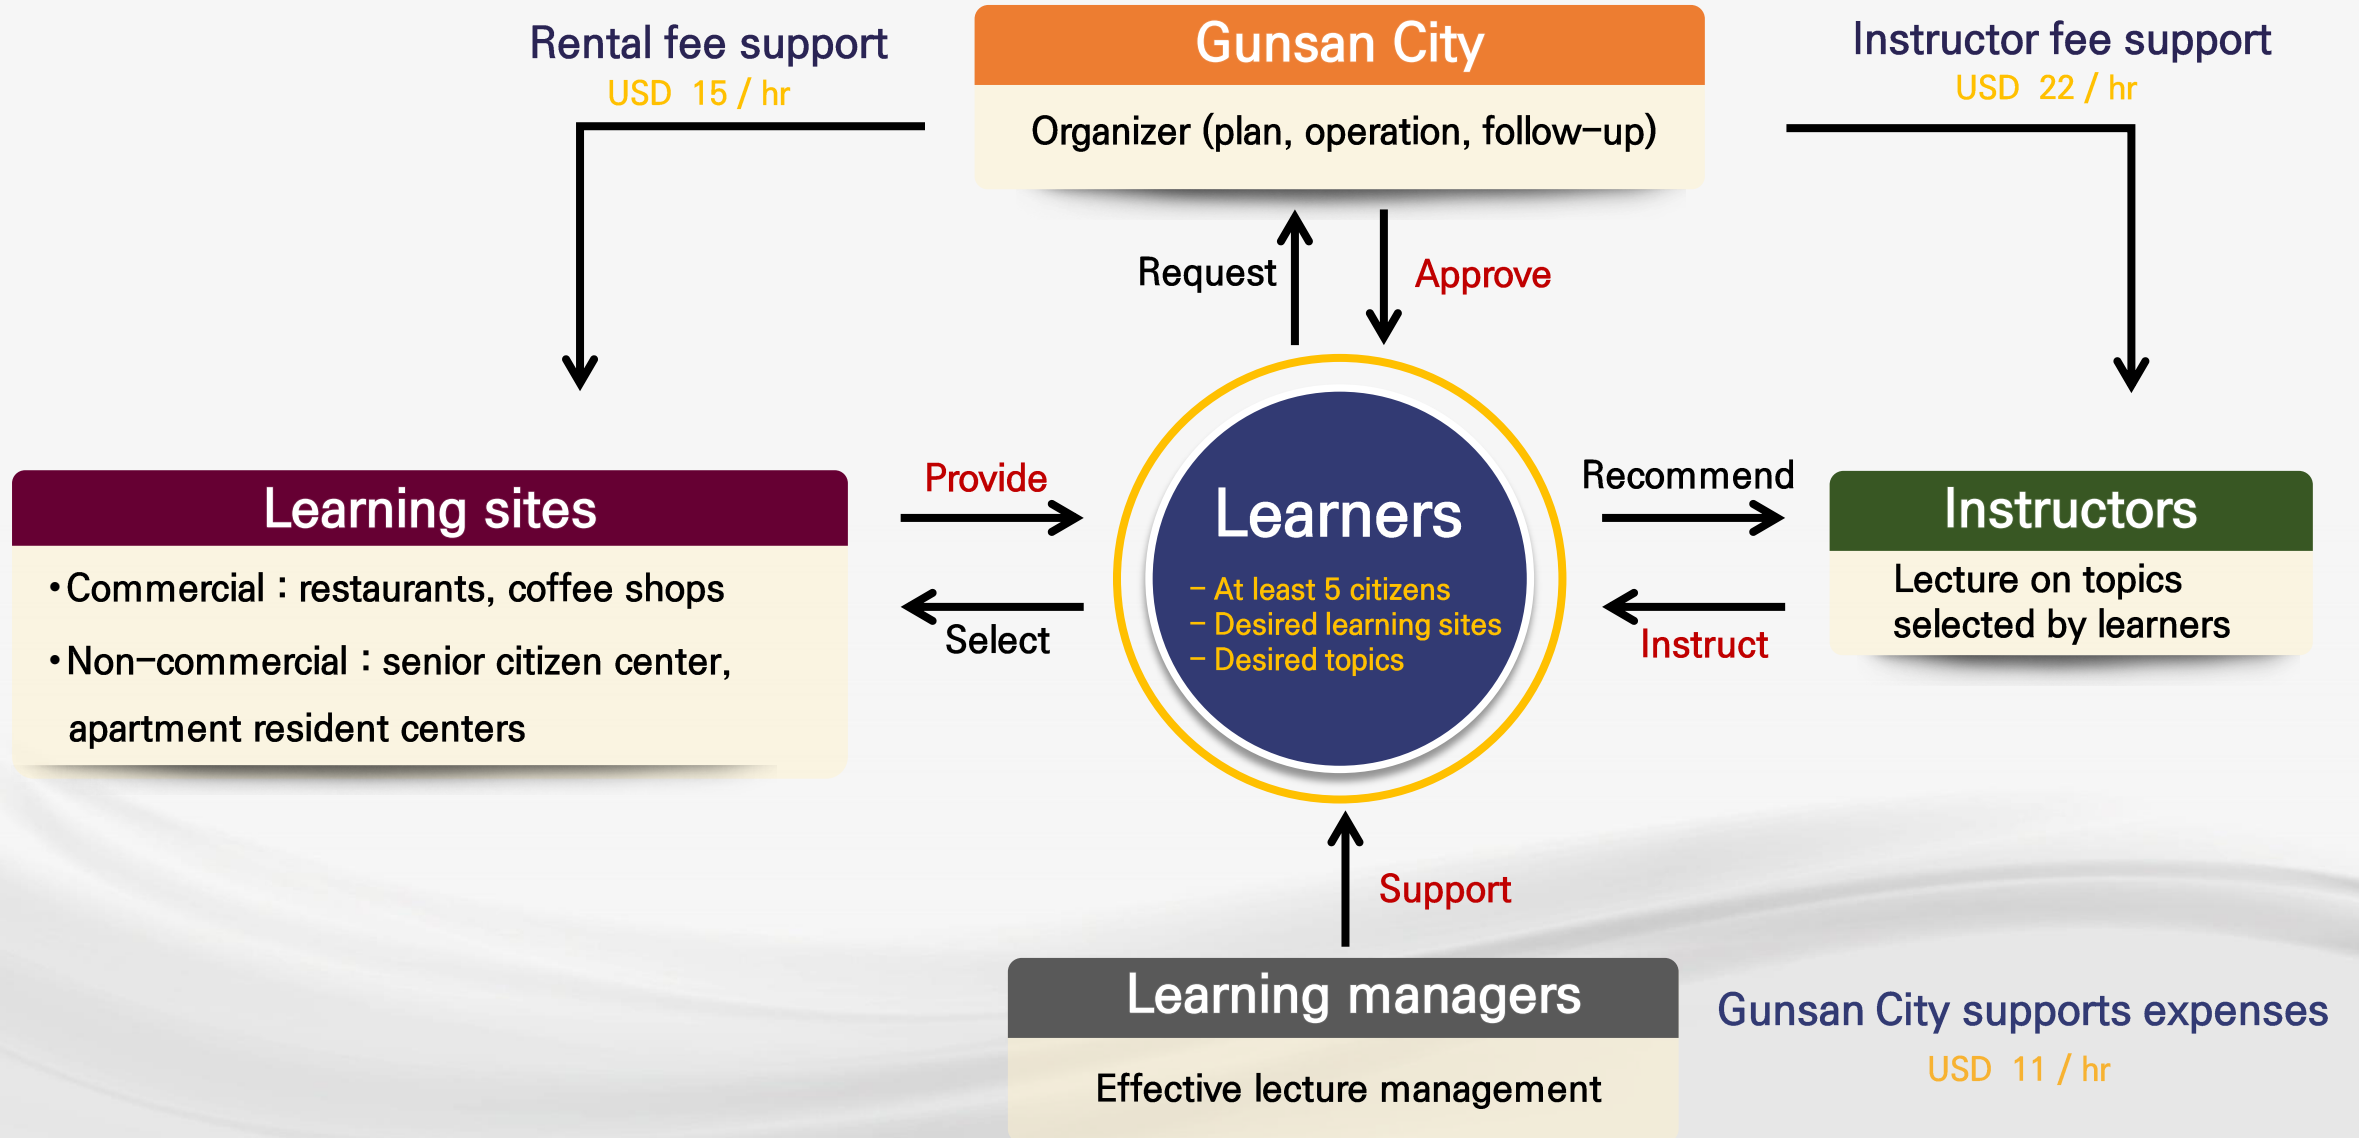

Overview

- Project started in September 2018
 - ※ 3 sessions / year (10 weeks / session)
- Place : commercial facilities (restaurants, café, bakeries, etc.)
non-commercial facilities (senior citizen centers, resident centers of apartment houses, workplaces, etc.)
- Courses : topics selected by citizens (humanity, culture, arts, foreign language, health, computer, etc.)
- Budget : KRW 5.9 billion (4.4 million USD)

Unit: million USD

Year	Total	2018	2019	2020	2021	2022
Budget	4.38	0.37	1.40	0.54	1.03	1.03

Performance

STEP
01

Project explanation meeting

- When : beginning of the year
- For whom : citizens in Gunsan
- About what
 - Revitalizing Community Lifelong Learning Outreach Project operation plan
 - Participants : learners, instructors, managers, and business owners (learning sites)

STEP 02 Online application system

- Online registration to prevent Covid-19
 - ※ In-person receipt of applications from the elderly
- Participation increased through the online application program.

Focus of program

Learners, instructors, business owners

Learners

Simplified to learner-centric program

How to apply

In-person application

Online application

Applications are made online for convenience.

Lifelong education network

Learning site registration

STEP
03

Recruiting instructors & managers, and capacity-building education

- Introduction to projects and manuals
- In-person capability-building education
 - How to use apps for in-person lectures (Zoom, Naver Band, etc.)
 - How to write online journal for managers

Instructor training (how to use Zoom)

Manager training (study of manuals)

Manager training (keeping online journals)

STEP 04

Expansion of learning sites (commercial, non-commercial facilities)

- Online registration of learning sites: Gunsan City Lifelong Learning Information Network (lll.gunsan.go.kr)
- Offline: collect students through placards at the entrance of shopping districts
- Online: registration on the Lifelong Learning Information Network

Performance

Instructors (registered at instructor bank) increased by 102% from 2018

Number of registered instructors

Unit : person

Performance

Invigorating community commercial districts

3,916 learning sites
(commercial facilities: 3,420, non-commercial: 496)

※ 2021 Survey

	Managers	632	23	211	92	167	139
	Business owners	3,916	276	1,549	437	918	736

Project effects

1. Overcoming spatial constraint

- Learn at any place citizens want
- Commercial stores were turned into a lifelong education space.

Restaurants (calisthenics)

Unmanned laundry room (violin)

2. Overcoming time constraint

- Learn at anytime citizens want
- All weekdays, day and night

Morning (coffee shop, guitar)

Evening (restaurant, harmonica)

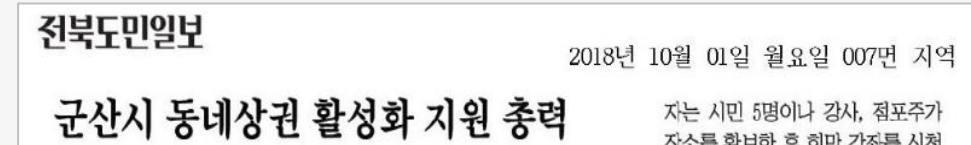

Project effects

3. Created jobs related to learning

- Instructors, learning managers
- 4,299 learning-related jobs created

4. Reinvigorated commercial districts

- Earned rental fee revenue and increased customers due to promotional effects
- Increased meetings among citizens

Project effects

5. Revived communities

- Solidarity formed by communication among citizens
- Spread of lifelong learning by sharing outcomes from learning

Revitalizing Community by Lifelong Learning Outreach Project

“killing five birds with one stone” effects

Ways of further development

Short-term

- Cultivate atmosphere for lifelong learning by sharing achievements with citizens (exhibitions, street performances at streets and welfare facilities, etc.)
- Overcome regional economy difficulties by reviving community commercial districts

Exhibition (calligraphy)

Street performance
(Korean traditional music-drum dance)

Lifelong learning festival
(ukulele)

Ways of further development

Long-term

- Promote lifelong learning with “one citizen, one hobby” campaign
- Cultivate a sustainable lifelong learning practice

Grocery store (ocarina)

Coffee shop (tai chi)

Yoga academy (guitar)

There is no limit to lifelong learning.
There is only a limit to desire to learn.

Programa Constructores Territoriales en Derechos Humanos - Overview

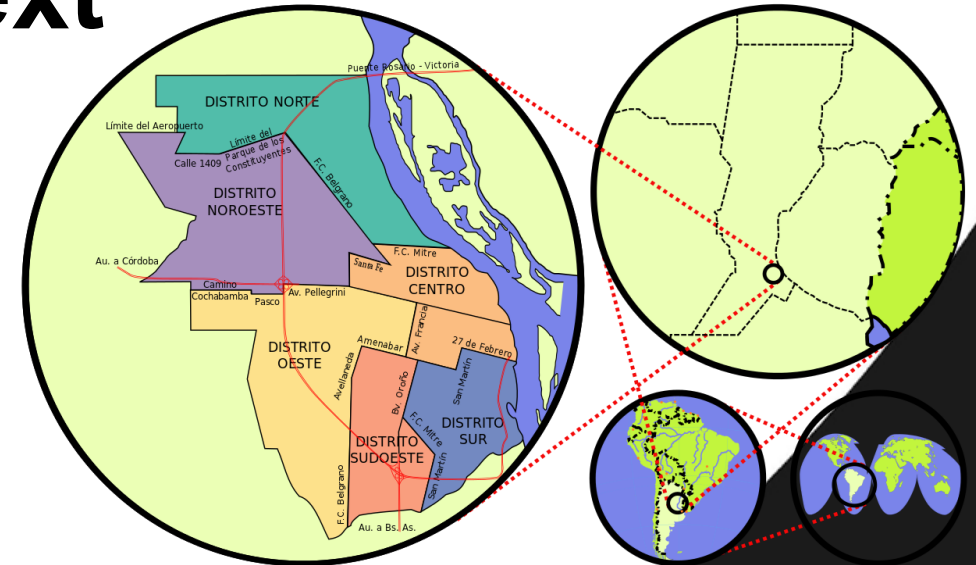

Human Rights Territorial Builders Program (2017 to the present)

- Initiative aimed to young people over 18 years of age
- Human rights field conceived as a professional training
- First moment. Instances of practice, research and artistic production
- Second moment. Institutional and territorial interventions

Programa Constructores Territoriales en Derechos Humanos - Context

- Rosario (Santa Fe, Argentina): economic wealth, social inequalities
- The legacy of the last Argentine military dictatorship (1976 - 1983)
- Memory Museum: Argentina's first site of memory (1998)
- Addressing post-genocide memories from a local perspective

Programa Constructores Territoriales en Derechos Humanos - Motivation

- Growth of urban violence and state violence in the last decade
- The Memory Museum as a territory for the new dilemmas of democracy
- Promoting Human Rights and democratic values to present-day youth. A path of empowerment

Programa Constructores Territoriales en Derechos Humanos - Objectives

- To promote the political commitment of young people and the strengthening of democratic culture
- To transform young people into agents of social and political transformation in their spaces and territories
- To promote the use heritage and memory as sources for permanent interrogation of recent history

Programa Constructores Territoriales en Derechos Humanos - Achieved results

- A group of young participants capable of critically questioning and challenging naturalized and institutionalized inequalities in society
- Participation and production in cultural events for young people that allowed the use of technical and artistic tools for the dissemination of the project
- Urban interventions in different parts of the city with the phrase "How do you engage politically today?"
- Visit to isolation centers for homeless youth during the COVID-19 pandemic

Programa Constructores Territoriales en Derechos Humanos
